

BLINK SPEAKER

USER GUIDE

W E L C O M E

Thank you for purchasing Blink Speaker. It provides you with the best music, peerless in speakers of its size in the wireless portable category.

Killer features:

- Extraordinary sound. Balanced, refined and detailed.
- Ultra capacity battery. Up to 10-30 hours of playing.
- Modernist design. Solid yet soft feel of touch.

Blink Group Holding (HK) Limited Company strives to develop hardware + software products and regularly upgrades our common app platform, creating long-lasting values for our users. To benefit from our efforts, pay close attention to our site www.withablink.com .

QUICK START

Enter Pairing Mode: Press and hold the button on the back until you hear 4 + 2 tones. You will then be able to find and connect to Blink Speaker in the Bluetooth setting of your device.

Blink Speaker will automatically connect to the previously paired device once it is paired. You may pair 2 devices one by one.

Turn on Blink Speaker: Press the button on the back until you hear 4 tones.

When Blink Speaker is on, **press the button** to pause / play; **press and hold the button** to turn it off.

CHARGING

The USB charging port is on the back of Blink Speaker. Enclosed in the package are 2 USB charging cables. You can still enjoy music while charging.

When charging: the button light will brighten, and when the speaker is 90% charged, it will return to normal.

Low battery: the button light will dim, and when less than 25% battery remains, it extinguishes.

Due to the control Apple impose on accessories, Blink Speaker cannot be charged through USB port on an Apple computer. It can be charged through Apple USB power adapters though. The charging current is 400mA, in full compliance with USB standard.

USAGE TIPS

When is Blink Speaker at its best?

- High-quality music file. Quiet environment.
- Get close to Blink Speaker. Right facing it. Put it at the edge of a table.
- Control the volume. Keep it charged.

Where can I find free music? Try Chinese sites:

- Baidu music: music.baidu.com
- Douban music: music.douban.com
- Sogou music: music.sogou.com
- Tencent music: music.qq.com

TROUBLESHOOT

Appears dead: Try recharging.

Button lights off: Battery low. Recharge.

Needs better sound: Refer to page 4.

Apple computer gives USB warning: Refer to page 3.

Pairing / sound issue: Turn off speaker, press and hold the button to enter pairing mode. Forget Blink Speaker in the Bluetooth setting of your device. Reconnect. If problem stays, try restarting your device.

If problem persists, please consult the distributor you purchased Blink Speaker from. Do not disassemble it.

CAUTION

Take care of Blink Speaker and do not expose it to liquid, moisture, humidity or rain. Do not touch the exposed driver unit. Do not use low-quality USB power adapters. Do not drop, disassemble, open, crush or throw Blink Speaker. Do not place Blink Speaker on unprotected high surfaces such as shelves, as Blink Speaker may move during music playback which could cause it to shift and fall off. Use dry and gentle cloth to clean the shell of Blink Speaker. Avoid the exposed driver unit.

Turn off Blink Speaker before storage. Keep Blink Speaker in a dry environment. Do not expose Blink Speaker to extremely high or low temperatures.

Dispose Blink Speaker in accordance with local regulations as it contains a high-capacity Li-ion battery.
